THE NATIONAL PATRON PROGRAM

This benefit program ensures that the ESU has both sound Branches and a strong National Headquarters to advance our shared mission and values. As a National Patron, you play a key role in supporting cultural and educational programs that enrich the lives our members and thousands of middle school, high school and college students nationwide, as well as the greater international community of those teaching, learning and speaking English. Your contribution provides increased financial support both for your Branch and the National ESU. And, as a National Patron, depending on your level of financial support, you enjoy exclusive benefits and privileges not available to the members or to local Branch Patrons.

See reverse for Schedule of benefits and privileges.
